## *Historically influenced*

**IRSEE MONASTERY** – The Conference and Education Centre of the State Parliament of Swabia is based in a jewel of baroque architecture and provides a forum of international renown for discussions on politics, economics and science, as well as for interactions among artists and musicians.

Besides the 81 comfortable guest rooms, there are 13 conference rooms of various sizes in the meticulously restored baroque former Benedictine monastery. Modernly equipped, these rooms provide a functional as well as festive setting for any kind of conference, from an intimate seminar in one of our ateliers to a symposium or congress in our festive hall.

## *Atmospherically unique*

**IRSEE MONASTERY** – Air to breathe and room to move. The tranquillity of the guest rooms, the gentle colours of the stairways and the functional but pleasing atmosphere of the conference rooms provide an inspiring setting for any type of creative work.

Irsee Monastery offers an impressive frame for any event, whether congress, conference, workshop, banquet or ball. Those with high standards will be most pleased. The wide cross-coat hallways are ideally suited for exhibitions and presentations. The monastery garden provides an inviting setting for private talks. The conference rooms charm with their individual character. History is linked with functionality, and baroque stucco becomes a backdrop for modern media.

## *Glamorously festive*

**IRSEE MONASTERY** – Festive rooms such as the former library, the erstwhile mathematical cabinet, the abbot's former reception room, and the room of chapters are glamorous stages for memorable family parties and company gatherings. The chef and restaurant executive will be pleased to advise you on your choice of menu for banquets, receptions or dinners, whether buffet-style or a served meal of several courses.

The restaurant, formerly the refectory of the Benedictine abbey, unites elegant architecture and cultivated hospitality with an ambience of startling beauty. Beneath the subtle play of colours of a modern ceiling fresco, fresh Allgaeu-Swabian specialities, classical culinary dishes with a seasonal touch and Mediterranean delicacies are served. An evening with a buffet in the rustic monastery cellar or in the monastery park in front of the orangery with aromatic monastery beer or vintage imperial monastery sparkling wine will not be forgotten.
