The Swabian Conference and Education Centre is a cultural institution of the State parliament of Swabia and bound by tradition to the former "free imperial abbey" up to the present day. An impression of the convent's sophisticated skills are mediated by organ music performed on the baroque Balthasar-Freiwiß-Organ in the monastery church and by choral works of Irsee's Musical Prior, Father Meinrad Spieß.

The latest records are available at the reception:

CONCERTO 288 (October/November 2009), title "buoyant and impish":

"Roland Götz is able to reveal in a stilistical manner the gallant esprit, the cryptic congeniality and the enlightened mirth of Swabian clerical music on this gorgous instrument. A musical delicacy from Swabia!"

CONCERTO 241 (Dec./Jan./Febr./ 2011/12), title "Corresponding associate":

"Bernhard Kugler and his diligent Aurelius boys-choir from Calw make music with contagious enthusiasm for the contrapuntally interspersed musical works. ... Gratulation to the boys, respect to the men! Finally, one last wish remains: more Spieß!"
