

Barrier-free and sustainable

Environmental protection, preservation of monuments and historical buildings, sustainability and accessibility are of major importance at Irsee Monastery. The conference, educational and cultural centre for the district of Swabia is concerned with balancing environmental, economic, cultural and social issues.

A forward-looking sustainability concept makes it possible to run the hotel with the sparing use of resources in a unique cultural landmark in Bavarian Swabia. As a result, Irsee Monastery is a participant in the "Bavarian Environmental Pact" (*Umweltpakt Bayern*), is certified as a "Barrier-free hotel and catering business" and is a founding member of the "Bündnis Klimaneutrales Allgäu 2030" (*Climate-neutral Allgäu 2030 Alliance*).

CONFERENCE CENTRE KLOSTER IRSEE

★★★ SUPERIOR

Stylish accommodation

Deep tranquillity and an inspiring environment: Irsee Monastery has 112 beds in 91 three-star SUPERIOR category rooms.

In the *convent building*, the charm of the historical spatial proportions can be experienced through the subtle colourfulness of pictures and stucco decorations. In the modern *cooperage*, the clarity of the design and natural materials breathe life into the guest rooms. In the totally refurbished *studio building*, the rooms offer modern comfort with their open floor plan.

Successful conferences

Nestled in the extensive foothills of the Alps, Irsee Monastery is a special meeting place. Whether it's a congress, conference, seminar or banquet: the conference, education and cultural centre for the district of Swabia combines Baroque uniqueness and modern design.

The listed *convent building* with 13 historic halls offers conference rooms for up to 200 people. The totally refurbished *studio building* boasts a meeting room flooded with daylight on the top floor and a workshop on the lower ground floor with access to the courtyard. The modern *cooperage* event centre with its clear aesthetics and functional simplicity complements the historic complex in the most beautiful way.

Delicious dining

Monastic joie de vivre is also expressed in culinary delights – both in the past and today. The former refectory, today's restaurant, serves freshly prepared dishes with a regional focus. Various banquet offers for up to 200 people are part of the hotel's expertise, earning it a place among certified "Allgäu TopHotels".

Festive menus and atmospheric receptions in the historic rooms or in front of the Orangery in the monastery park offer unforgettable experiences for special occasions. The chef and restaurant manager will be happy to advise you on the choice of menu or creating your buffet.
